“By embracing AI, we’ve not only reduced damages but also set a new standard for operational excellence in damage prevention.”

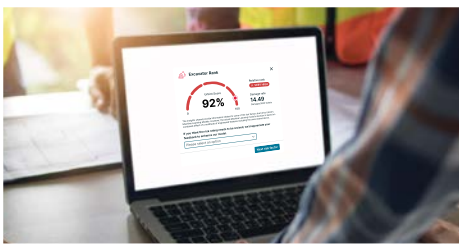

Mike Ovsonka, Manager Distribution Protection, Enbridge Gas

INTERVENTION MANAGEMENT

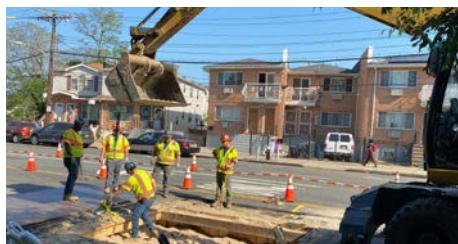

Itron Damage Prevention elevates Intervention Management by leveraging AI for advanced risk analysis.

Itron’s solution proactively identifies high-risk excavations, allowing utilities to deploy targeted interventions, optimizing scarce resources and protecting critical infrastructure before work begins.

AI/ML Powered Prediction

Itron leverages advanced AI/ML modeling to predict risk probabilities with precision, enabling proactive damage prevention.

Impact-Based Risk Management

Assign crews based on the combination of probability and consequence of an event, stopping critical damages before they happen.

Partnership-Based Approach

We collaborate to align strategies with your goals, ensuring solutions that truly fit and deliver impact.
